

IN MEMORY OF MARY COOPER  
STRINGER

**HON. CHARLES W. "CHIP" PICKERING**

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, March 2, 1999*

Mr. PICKERING. Mr. Speaker, I rise today to pay tribute to a remarkable lady, and constituent of mine from the Third District, Mrs. Mary Cooper Stringer, who passed away on Friday January 15, 1999, in Forest, Mississippi, following a short illness. The Mississippi State Senate adjourned January 18, 1999, in her honor.

Mrs. Stringer, along with her husband Robert P. "Bob" Stringer, lived in the Forest community for the past 40 years and was actively involved in community and local affairs. She was a graduate of Mississippi State College for Women, a member of the Eastern Star, and worked for the Pentagon after graduating from college.

When not doting on her husband, Mrs. Stringer was cheering and backing her favorite team, the Mississippi State Bulldogs and striving to make her hometown the best it could be. Mrs. Stringer's first love was her husband Bob, their two daughters, Jean and Anne and their two sons, Robert and Johnny, along with their 13 grandchildren and one great grandson.

Mrs. Stringer was a very astute businesswoman and a close friend of my predecessor Congressman G.V. "Sonny" Montgomery. She was very helpful and active in the planning of the Annual Montgomery Hunters Stew which Bob hosted for Congressman Montgomery each January, for the past 22 years. Mr. Stringer served on the Forest Board of Alderman for four terms before his retirement in June 1997.

The legacy that Mrs. Stringer leaves behind will be very hard to emulate. She was a much admired lady. I extend my sympathy to her husband "Bob", and other family members while expressing my appreciation and that of every citizen of the 3rd District for her life of service.

A TRIBUTE TO FRED STARRH

**HON. WILLIAM M. THOMAS**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, March 2, 1999*

Mr. THOMAS. Mr. Speaker, I want to join my friends in Kern County who share a mutual goal of improving educational opportunities in our schools, as we honor one of our finest friends, Fred Starrh, a man devoted to helping his neighbors, a man always willing to do the hard work, a man whose pride in his country is visible to everyone he meets. Tonight we honor one aspect of this man's accomplishments—his achievements and commitment to thousands of Kern County high school students during his tenure as a trustee of the Kern High School District.

As a trustee and Past President, Fred Starrh has devoted a tremendous amount of time and effort to preparing Kern County's

children for their future. Those who have worked with Fred know he puts his all into every project he takes on. His service on the Board of Trustees is a testament to his character and devotion to all the families in Kern County who have sent their children to Kern high schools. Fred Starrh served us all well by watching over the myriad issues that come before those entrusted with the management of the education provided to our kids during the critically important four years of high school study.

I know people from all over the United States who rely on Fred Starrh's advice and counsel. Fred has friends everywhere, and years of working together make me honored to be included among them. Few people are as dedicated and as much fun to work with as we all know Fred Starrh to be.

RECOGNITION OF VOCATIONAL  
EDUCATION WEEK

**HON. GEORGE E. BROWN, JR.**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, March 2, 1999*

Mr. BROWN of California. Mr. Speaker, I rise today to recognize national and local efforts in vocational education and career preparation training. I commend the American Vocational Association for designating February 14–20, as Vocational Education Week. The over 14 million students and 26,000 institutions that are dedicated to betterment through career education deserve our recognition and support throughout the year.

Regional occupation programs in my district and throughout the country provide students with stronger skills and increased learning opportunities. They enhance both the education and employment prospects of our young people and help build a strong, well-trained workforce.

Vocational education makes a proven difference in lives of students who might not otherwise have access to targeted education and skills training. It opens doors to opportunities for productive futures. I am proud of the work done in my community, and I would like to recognize the hard-working students and dedicated staff in the Inland Empire who make vocational education a success. They are to be commended for their role in strengthening both individual lives and our community as a whole.

SALINAS VALLEY MEMORIAL  
HEALTH CARE SYSTEM—HELP-  
ING TO LEAD CHINA TO BETTER  
HEALTH CARE

**HON. SAM FARR**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, March 2, 1999*

Mr. FARR of California. Mr. Speaker, I rise today to inform you and all our House colleagues of the magnificent contributions to international health care by the Salinas Valley Memorial Health Care System (SVMH).

Through the efforts of SVMH, two cities in China, Kunming in the Province of Yunnan, and Chengdu in the Province of Sichuan, will receive the best in advanced medical training services and the best high-tech equipment to better serve the Health care needs of the Chinese people.

SVMH has long been on the cutting edge of technology in Health care services. Located in Salinas in my Central California Coast district, SVMH has developed state-of-the-art heart and cardiac health services. It works in tandem with NASA in using high-resolution equipment to uncover the secrets of the human health system. It also has established a long-term Health care facility for senior care that scores high marks by the health care industry.

Because of SVMH's expertise and experience, it has reached out to the international community to help. China, with the largest population on earth and yet some of the most remote and underserved populations, was a key target for assistance. Partnering with Assist International Rotary International Marquette Medical Services, SVMH will send a team of doctors and professional staff to Chengdu, China and Kunming, China today. This international team of hope will—

Donate and install \$1 million worth of high-tech medical equipment in the Yunnan Red Cross Hospital in Kunming and The First Medical School, The First University Hospital, West China University of Medical Sciences in Chengdu;

Educate and train the medical staff of both hospitals on the latest technologies and practices utilized by our physicians in the treatment of heart-related illnesses and procedures;

Interact with the citizenry of the community in order to demonstrate American willingness to share high tech medical information and technology.

This partnership, Mr. Speaker, is important for a number of reasons. First, it is critical to recognize that despite all other political machinations between the U.S. and China, there is one very important issue upon which leaders of both countries agree: that Health care is essential to quality of life. In that regard, SVMH, the Rotary International, Assist International and Marquette Medical Services have served as ambassadors extraordinaire to unify our two countries.

Second, this partnership is important because through the efforts of SVMH and others, we are establishing a firm working relationship with our Chinese counterparts—one that will indirectly benefit the relationship between the U.S. and China, but that will also directly benefit the Chinese people through the delivery of more and better Health care services. In this regard, the Yunnan Red Cross Hospital and the West China University of Medical Sciences deserve special recognition and praise for their commitment to improve Health care practices and their dedication to the pursuit of new knowledge in the field of medicine.

Mr. Speaker, and Members of the House, I urge you today to stand in honor of the Salinas Valley Memorial Health Care System and their partners in international Health care, the Yunnan Red Cross Hospital, the West China University of Medical Sciences, Assist International, Rotary International and Marquette
